

FAIPS-DPS Shines in DELF results

FAIPS-DPS is delighted to announce the outstanding achievements of our students in the recent DELF Junior examinations, in different levels A1, A2, and B1. With exceptional results, our students have demonstrated remarkable dedication, linguistic skill, and global citizenship through their success in these internationally recognized French language assessments.

More than just an academic milestone, passing the DELF (Diplôme d'Études en Langue Française) certifies proficiency according to the Common European Framework of Reference for Languages (CEFR), opening the doors to future study, travel, and professional opportunities. This year, our students met the challenge with commendable results across the A1, A2, and B1 levels. These results reflect not only the hard work of our students but also the support and expertise of their teachers.

Through their DELF achievements, our students have acquired linguistic competence and intercultural skills, further preparing them for the diverse global landscape. The DELF diploma is valid for life and is an official certification recognized worldwide, representing a significant step on the path toward lifelong learning and international engagement.

Mr. Ravi Ayanoli, Principal, has congratulated all the students and said that the school is proud to celebrate their accomplishment. This exemplary performance is both a testament to the power of language learning and a celebration of every student's journey. Bravo to our students!
